

## Scorekeeper Application

Thank you for your interest in becoming a scorekeeper for Foster City Youth Softball Association. Our goal is to supply the league with well-trained, mature, and committed scorekeepers. Please very carefully consider whether you will realistically have the time to both scorekeep and play, in addition to you schoolwork. The spring season starts late February and goes through May.

In order to become a scorekeeper, you must:

- Be between age 12 – 18, you may not scorekeep in your current division
- Attend a scorekeeper clinic – to be held some time in mid/late February
- Shadow an experienced scorekeeper for one training game

Scorekeepers will be paid \$15.00 per game. You can choose to receive two hours of community service per game instead of being paid. Scorekeepers will be paid at the end of the season. Once we get closer to the season, we will provide you with a login and password for our scorekeeper scheduling website.

Based upon response, we will invite as many youths as possible to become scorekeepers. Those who are available to scorekeep both weeknights and weekends will have preference over part-time applicants. Our selection criteria will be based on experience scorekeeping, baseball or softball knowledge and interest, temperament, and level or maturity.

Sincerely,  
The President of the Foster City Youth Softball Association
